

HANDS ON WORKSHOP-SUNDAY, 28 MAY: **EXPOSED** THE ART AND SCIENCE OF CLINICAL AND DENTAL LABORATORY PHOTOGRAPHY

Dr Miles R. Cone

Many will see Miles as a keynote lecturer at Expo'23. His clinical cases and the photographic skills to complement his work are exceptional by world standards.

This one day lecture and hands on photography course is a unique opportunity for Miles to share his talent. The audience is strictly limited to 20 participants on a first in basis.

Miles will be teaching on a one-to-one level for much of the full day course. Registration will be open until filled and course fees paid.
